

Sinclair Broadcasting uses the public airwaves free of charge, and is obligated by law to serve the public interest. By airing a documentary that is anti-Kerry and not giving equal time to the Kerry campaign by airing an anti-Bush or pro-Kerry documentary is abuse of this public service. Misleading the public through this means is undemocratic and unethical. Please do the right thing and do not air the documentary "Stolen Honor" unless you also air "Going Upriver" at an equivalent day and hour before the Presidential election on November 2, 2004.
Thank you.
